Listen to the Music

Listen to the Music

A teenager discovers his voice in this contemporary love story from “one of young adult literature’s greatest living writers” (Booklist). Shy teenager Karl is desperately in love with his girlfriend, Fiorella, a literary enthusiast who’s asked him to write her a letter in which he reveals his true self. There’s just one problem... Karl is dyslexic. Convinced that his attempts to express himself with words will end in disaster, Karl tracks down Fiorella’s favorite novelist and begs him to take up the task. The famous writer unexpectedly agrees, but on one condition: Karl must participate in a series of interviews so the author can pen an authentic portrait of his affections. What follows is a series of misunderstandings, a startling revelation, and an unusual bond that will change all three of their lives. A moving story of love and friendship, Dying to Know You is the perfect novel for “that cloudy expanse between older teenager and younger adult, a novel that doesn’t pretend to advise, but merely sees its characters for who they really are” (The Guardian). “This quietly understated performance captures the wistfulness of music in a minor key.” —Kirkus Reviews

Fanny J. Crosby An autobiography

The Soviet Union is often presented as a largely isolated and idiosyncratic state. Soviet Internationalism after Stalin challenges this view by telling the story of Soviet and Latin American intellectuals, students, political figures and artists, and their encounters with the ‘other’ from the 1950s through the 1980s. In this first multi-archival study of Soviet relations with Latin America, Tobias Rupprecht reveals that, for people in the Second and Third Worlds, the Cold War meant not only confrontation with an ideological enemy but also increased interconnectedness with distant world regions. He shows that the Soviet Union looked quite different from a southern rather than a Western point of view and also charts the impact of the new internationalism on the Soviet Union itself in terms of popular perceptions of the USSR’s place in the world and its political, scientific, intellectual and cultural reintegration into the global community.

A Mammoth in the Fridge

For Lucy Sweeney, motherhood isn’t all astanga yoga and Cath Kidston prints. It’s been years since the dirty laundry pile was less than a metre high, months since Lucy remembered to have sex with her husband, and a week since she last did the school run wearing pyjamas. Motherhood, it seems, has more pitfalls than she might have expected. Caught between perfectionist Yummy Mummy No 1 and hypercompetitive Alpha Mum, Lucy is in danger of losing the parenting plot. And worst of all, she’s alarmingly distracted by Sexy Domesticated Dad. It’s only a matter of time before the dirty laundry quite literally blows up in her face

**Symphony No. 4 in E-Flat (“Romantic”)**

This #1 Italian bestseller, offering a father's observations of the everyday moments that might otherwise go unnoticed, has struck a chord with readers around the globe. Matteo Bussola is a designer and cartoonist who lives in Verona, Italy with his wife Paola; their three young daughters, Virginia, Ginevra, and Melania (ages eight, four, and two); and their two dogs. For two years, he's been writing posts on Facebook capturing the beauty of ordinary moments with his family. Sleepless Nights and Kisses for Breakfast is the memoir that grew out of these writings. Divided into winter, spring, summer, and fall, the book follows the different seasons of parenthood and life. At times moving, and at others humorous, these writings remind people to savor the present and appreciate the simple things in life. As Matteo says, “Virginia, Ginevra, and Melania are the lens through which I observe the world. . . . My daughters remind me that being a father means living in that gray area between responsibility and carelessness, strength and softness.” Sleepless Nights and Kisses for Breakfast is an eloquent memoir by a gifted storyteller.

**The New Schwann**

For those friends and acquaintances, who have expressed a wish to read the complete story of my life, from my childhood to the present time, I have undertaken the writing of this book. By including even some incidents that, in themselves, may seem trivial, I have tried to make this account a full and accurate autobiography. In modesty, however, I have also desired to render my story as simple as possible, in fact, to give a vivid picture of my work, my opinions and my aspirations, not only as a teacher but also as a writer of sacred songs; and if I have spoken with a frankness that may seem akin to egotism, I hope that I may be pardoned; for I am fully aware of the immense debt I owe to those numberless friends, only a few of whom I have been able to mention, and especially to that dear Friend of us all, who is our light and life.

Any singer longing to have a career in opera, particularly in Europe, should be familiar with the European system of classifying voices known as Fach. The Opera Singer's Career Guide: Understanding the European Fach System presents valuable information to help readers learn, understand, and use the Fach system to their professional advantage. More than just soprano, alto, tenor, or bass, students and professionals alike should know the 25 different Fach categories fully defined here, along with the examples of roles, audition arias, and European opera houses and agents provided. Based on careful research and personal experience, singer and teacher Pearl Yeadon McGinnis describes the features, characteristics, and benefits of the Fach system, including voice categorization and classification and using Fach to train the young voice. She provides practical information on maintaining a career in opera, such as the different types, procedures, and pitfalls of opera auditions; types of opera contracts and contract negotiations; and the value of networking. She explains the different styles of European opera houses and gives an example of life in a state level German opera house, including the various performance spaces, the makeup and responsibilities of an ensemble, and the jobs and functions of opera house personnel. A glossary and several appendixes supply tools for auditioning, such as newly classified roles for Children, Lyric, and Beginner singers; roles for the established Fach categories; lists of opera agents and houses in the German speaking countries; and suggested audition arias by Fach. In addition, practical details are offered about establishing and maintaining residency in Europe, obtaining permission to live and work in Europe, and helpful hints about customs and travel.
